RE: 2010 REGISTRATION FOR LOUISIANA NEWBORN SCREENING

Dear Dr. Quashnock:

Thank you for submitting the 2010 newborn Heel Stick Screening Registration for PerkinElmer Genetics, Inc. in accordance with the Newborn Screening Rule, LAC 48: V.6303.

We have reviewed your registration material and find that PerkinElmer Genetics, Inc. is in compliance with all requirements as listed in the Newborn Screening Rule. Therefore, this confirms that the Office of Public Health approves PerkinElmer Genetics, Inc. to perform the official newborn screening battery on Louisiana babies.

The next registration is due February 1, 2011. Copies of all proficiency testing results will continue to be due within a month after receiving them from the proficiency testing provider.

If you should have any questions, please contact us at 504.219.4413.

Sincerely,

A handwritten signature in blue ink that reads "Cheryl L. Harris".
